

Binod Budha

MERN Stack Developer

☎ +91-6393490697 ✉ in 🔄 🌐

Professional Summary

Full-stack developer focused on building intelligent web applications using the MERN stack integrated with AI/ML models. Interested in developing scalable systems, solving real-world problems with machine learning, and strengthening problem-solving skills through continuous coding practice.

Education

B.Tech in Computer Science and Engineering

2023 – Expected 2027

Pandit Deendayal Energy University (PDEU), Gujarat

CGPA: 9.19 / 10

Higher Secondary Education (Class XII)

2021 – 2023

Padmodaya Public Model Secondary School, Nepal

GPA: 3.63 / 4.00

Technical Skills

Languages: Java, Python

Frontend: React.js, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools: Git, GitHub, Postman

AI Tools: n8n, NLP

Cloud & Deployment: AWS, Netlify

Projects

Smart Review & Routing System

Express.js, AI/ML, NLP

- Developed an AI-based system that analyzes customer reviews using Natural Language Processing.
- Automatically identifies issues such as material defects, delivery problems, or service complaints.
- Routes issues to appropriate development or support teams to improve resolution speed.

Smart Resume Builder

MERN Stack

- Developed a full-stack resume builder allowing users to create, edit, and manage professional resumes.
- Implemented real-time preview and responsive React interface for a smooth user experience.
- Integrated MongoDB storage and PDF export functionality.

Coding Platforms

- LeetCode: leetcode.com/u/AmBiLax

Achievements

- COMPEX Scholar — Full scholarship awarded by the Government of India for Nepali students.

Technical Highlights

- Solved 200+ algorithmic problems to strengthen data structures and problem-solving skills.

Certifications

- 5-Day AI Intensive Agent Program — Google & Kaggle (2025)

Hobbies

- Traveling and exploring new places
- Playing badminton and table tennis
